PROFESSIONAL SUMMARY

Full Stack Developer with a strong academic background in Computer Engineering and hands-on experience building scalable, user-focused web applications. Proficient in both frontend and backend development, with demonstrated ability to design RESTful APIs, integrate third-party services, and deliver complete software solutions.

Combines technical expertise with strong problem-solving skills, adaptability, and experience in both client-facing and team-based environments. Known for delivering reliable, maintainable, and efficient systems across diverse projects.

CORE COMPETENCIES

Technical Skills

- Languages: JavaScript, Python, Java, C#
- Frontend Development: React.js, Tailwind CSS
- Backend Development: Node.js, Express.js, Django REST Framework
- Database Systems: MongoDB, SQL
- API Development: RESTful API Design and Integration
- Tools: Visual Studio Code, Git, Claude Code, GitHub Copilot
- Other: Payment Integration (Stripe, Flutterwave, Mobile Money APIs), Authentication Systems, Web Security (XSS, CSRF protection)

Professional Skills

- Problem Solving and Analytical Thinking
 - Customer Service and Client Relations
 - Sales and Conversion Techniques
 - Technical Communication (Email and Phone)
 - Data Entry and System Management
 - Attention to Detail and Accuracy
 - Teamwork and Professional Conduct
 - Teaching (Mathematics, Physics, ICT)
-

PROFESSIONAL EXPERIENCE

React Developer (SharePoint SPFx Intern)

M365Connect (Remote)

July 2025 – October 2025

- Developed and maintained frontend applications using React, TypeScript, and Tailwind CSS
 - Built features for applications such as Work Tracker and AI-assisted shortlisting tools
 - Conducted code reviews and resolved bugs to improve performance and maintainability
 - Collaborated with UI/UX designers and backend developers in Agile teams
 - Structured JSON data for backend API integration
 - Leveraged AI-assisted tools to improve development efficiency
 - Participated in developer onboarding and recruitment activities
-

Frontend Developer (Contractor)

Cognosphere Dynamics

July 2024 – Present

- Developed responsive web applications and integrated backend APIs
 - Built and maintained RESTful backend services
 - Conducted code reviews and implemented bug fixes
 - Collaborated with cross-functional teams on web and mobile applications
 - Integrated payment systems including Stripe, Flutterwave, and Mobile Money (MTN, Airtel)
 - Delivered reliable and user-friendly software solutions
-

Field Technician

SIMBA Fiber Africa Limited – Kampala

November 2024 – July 2025

- Provided customer-facing technical support and resolved connectivity issues
 - Handled installations, relocations, and troubleshooting of network services
 - Performed LAN/WAN troubleshooting and router configuration
 - Assisted clients with internet setup and device connectivity
 - Maintained clear and professional communication with customers
 - Worked in the LOS department
 - Awarded Employee of the Month for outstanding performance
-

Independent Travel Manager (Junior)

AsapTickets (Remote)

November 2025 – January 2026

- Managed inbound reservation inquiries and converted them into confirmed bookings
 - Processed booking requests, changes, and cancellations
 - Resolved complex customer issues using structured approaches
 - Applied sales strategies to improve booking conversion rates
 - Maintained accurate customer records in reservation systems
-

PROJECTS

DocumentCraft

<https://acesmovers.netlify.app/>

Access: admin@am.com | Password: Admin123!

A business management platform for moving companies, handling quotations, receipts, and payment tracking. Includes cross-device draft synchronization, automated PDF generation, digital signatures, and role-based access control.

Technologies: React.js, Express.js, MongoDB, Tailwind CSS

ClassConnect

<https://eclassconnect.netlify.app/>

Access: admin@cc.com | Password: pass1234

An education management system connecting teachers and students with features such as assignments, grading, notifications, and secure authentication.

Technologies: React.js, Node.js, Express.js, MongoDB

QuickMart

<https://qm-client.netlify.app/>

Access: admin@qm.io | Password: test1234

A full e-commerce platform with secure authentication, payment integration, image uploads, and role-based admin controls.

Technologies: React.js, Express.js, MongoDB, Tailwind CSS

Natours

<https://natours-jeii.onrender.com/>

Access: admin@na.io | Password: test1234

A tour booking web application with authentication, password reset, email services, file uploads, and secure payment processing. Includes protection against common web vulnerabilities.

Technologies: Node.js, Express.js, MongoDB, Pug

EDUCATION

Bachelor of Science in Computer Engineering

ISBAT University

2021 – December 2024

First Class Degree, CGPA: 4.74

Key Areas: Data Structures, Algorithms, Operating Systems, Software Engineering, Computer Networks, Cloud Computing, Database Systems, Microprocessors, Software Testing, Software Project Management

Final Year Project: ClassConnect – Education platform connecting teachers and students

Uganda Advanced Certificate of Education (UACE)

Seroma Christian High School, Mukono

2018 – 2019

12 points (PCM)

Uganda Certificate of Education (UCE)

Pope John Paul II College, Gulu

2014 – 2017

First Grade (Aggregate 23)

CERTIFICATIONS

The Complete Full Stack Web Development Bootcamp – Udemy

<https://www.udemy.com/certificate/UC-22766cea-bca9-472e-8b1f-5eeab662bf8e/>

- Built 16+ real-world web development projects
- Developed full-stack applications using JavaScript, React, and Node.js
- Applied modern development practices for production-ready systems

Node.js, Express, MongoDB & More: The Complete Bootcamp – Udemy

<https://www.udemy.com/certificate/UC-0866af6c-d72b-4de2-ac92-a8a6e18c87ad/>

- Built scalable RESTful APIs with filtering, sorting, and pagination
- Implemented authentication, authorization, and security best practices
- Worked with MongoDB and Mongoose for advanced data handling
- Developed server-side applications and integrated payment systems
