Profile Summary

I am a passionate full-stack web developer with practical experience in building scalable, secure, and user-friendly web applications. I specialize in both frontend and backend development, with strong proficiency in React.js, Node.js, PostgreSQL, and RESTful APIs. I value clean, maintainable code and enjoy solving real-world problems through collaboration and continuous learning.

Technical Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript, SQL
- **Frontend:** React.js, Bootstrap, Tailwind CSS, Material UI
- **Backend:** Node.js, Express.js, TypeScript (with Express)
- **Databases:** PostgreSQL, MongoDB
- **Templating:** EJS, Pug
- **Testing:** Jest, Supertest
- **Tools & APIs:** Git, GitHub, REST APIs, Stripe
- **Other:** Docker (basics)

Education

ISBAT University, Kampala, Uganda

Bachelor of Science in Computer Engineering

Graduated: December 2024

Seroma Christian High School

UACE (Uganda Advanced Certificate of Education)

2018 – 2019

Projects

ClassConnect - Educational LMS Platform

React · Node.js · PostgreSQL

Built a learning management system for teachers and students with role-based access, JWT authentication, React-based UI, and PostgreSQL triggers for real-time updates.

Work Experience

Remote Intern React Developer - m365Connect

Remote | July 2025 - Present

- Collaborating with senior developers to build responsive user interfaces
- Converting UI/UX designs into functional React components
- Integrating front-end with REST APIs
- Participating in code reviews and cross-browser testing
- Working asynchronously using Git for version control
- Gaining hands-on experience with Microsoft technologies including MS Teams, SharePoint SPFx, and other M365 developer tools

Frontend Developer - Cognosphere Dynamics

Kampala, Uganda | June 2024 - March 2025

- Developed dashboards and booking UIs using React
- Integrated REST APIs and used Bootstrap for responsiveness
- Collaborated with backend developers

Frontend Intern - Cognosphere Dynamics

Kampala, Uganda | May - July 2024

- Built admin tools for user/task management
- Worked on login, profile, and UI filter components
